Successfully designed a series of heated gloves
- 2010** **Feb, 2010**
Established Company

2.3 Brand Story

Savior Heat's brand story begins with a little girl who lived in the cold countryside and prayed for gloves and shoes that could keep her warm. Her childhood dream was realized when she met a sunny and handsome boy (SAVIOR's director Hill) in Shenzhen who developed a pair of heated gloves and shoes for her. The couple fell in love and decided to bring warmth to more people living in the cold. And thus, Savior Heat was born - a brand committed to providing warmth no matter where you are or what environment you're in.

Our first product was the heated gloves, which quickly became a hit among skiers, snowboarders, hunters, and anyone who spent time outdoors in the winter. We soon expanded our line to include heated socks and heated jackets, all designed with the same commitment to quality and performance.

Today, Savior Heat is known for its innovative heated gear, backed by rigorous testing and a dedication to customer satisfaction. We are proud to help people stay warm and comfortable no matter where their adventures take them.

2.4 Culture

SAVIOR's culture is centered around innovation, creativity, and collaboration. Our team is dedicated to pushing the limits of what's possible by utilizing cutting-edge technology and materials to create products that exceed expectations. At the core of our culture is a passion for helping people live their best lives by providing warmth and comfort in any environment. We believe that warmth has the power to bring people together and enrich lives, and we strive to deliver that warmth in every product we create.

2.5 The Products Line

01.Winter intelligent heated wearable products

02.Summer cooling wearable products

03.LED wearable products

04.Healthy electronic wearable

2.6 The Target's Customers

- 01.Outdoor sports: Ski, Snowboarding,Riding, Cycling, Hiking ,Camping, Hunting & Fishing
- 02.People who are afraid of winter
- 03.Outdoor working
- 04.The health therapy industry

All above industry include retailer,store,club,Brand owner, Supermarket and online seller.

3 Why Partner with SAVIOR HEAT?

3.1 Product Positioning

3.1.1 High-quality products

Savior Heat's heated gear is made with the latest technology and highest-quality materials, ensuring that they perform exceptionally well in any weather condition.

Product technology positioning

Bluetooth technology:
can be controlled by App

Wireless
technology

LCD screen
technology

3.1.2 Rich product line
Multiple product series from head to foot
01.Intelligent Winter Sports Wearable

02.Intelligent Summer Sports Wearable

03. Healthy electronic clothing

3.1.3 Sensible price strategy

- Heated Gloves: \$69-\$269
- Heated Socks: \$59-\$99
- Heated Clothes: \$89-\$189
- Heated Shoes: \$89-\$199
