Company Profile

Company Introduction

Company Profile

YANCHENG HENGFENG SPONGE CO.,LTD founded in 2004, it is a national high-tech enterprise integrating the R&D, production and sales of sponges, scouring pads, cleaning products and plastic products.

01 Solid Foundation

The company is equipped with advanced polyether sponge foaming production lines, three molded PU foaming production lines, three scouring pad production lines, 12 plastic injection molding machines, nearly 100 sponge cutting and processing equipments, 30 automatic assembly or packaging equipments, and 18 various testing instruments

02 Production Capacity

Production Capacity:
Polyether Sponge: 5,000 tons/year
Molded PU Foam: 3,000 tons/year
Scouring Pads: 6 million square meters/year
Plastic Products: 1,800 tons/year
Cleaning Products: 1,200 high containers/year

03 Superior Philosophy

The company adheres to the business philosophy of "Integrity and Pragmatism, Winning with Quality, Scientific Management, and Pioneering Innovation". After more than 20 years of exploration and practice, it has developed a unique management system, holds system certifications including ISO 9001, ISO 13485, ISO 14001, and ISO 45001, and has passed the factory audits of BSCI and WCA.

04 Rich Product Range

From daily cleaning to industrial cleaning solutions, Hengfeng Sponge has always been guided by the principle of "precise adaptation to scenarios" to develop and produce a wide range of high-quality sponge products. With the dual advantages of "premium products + thoughtful services", it injects "Hengfeng Strength" into fields such as household cleaning and industrial cleaning.

Corporate Culture

Corporate slogan

In any case, try
your best, and
your mission
will come true!

Spirit staff

Strict self-
discipline, efficient
implementation, in
safety, self-
improvement!

Company vision

Customer-
centric, Market
driven by
innovation, build
the company
into a leading

Corporate values

Integrity,
Respect,
Dedication,
Gratitude

Customer Service Philosophy

The company takes
service as the
foundation, relies on
quality for survival,
and pursues
development through
technology.

Corporate Office Environment

Enterprise mission statement

The bright and well-lit office space, combined with a human-centered layout and green plant accents, allows creativity to flourish in comfort. This is not just a workplace, but also a warm haven where more than 280 employees collaborate to create value.

Long term vision planning

These honors and qualifications are not only "milestones" in the company's development, but also concrete proof of our "quality commitment" to every customer. We always take strength as the foundation and trust as the bridge, and continue to provide higher-quality products and services to the market.

Long term vision planning

Thousands of sponge samples are neatly displayed, with clear divisions by material and function. They intuitively showcase the achievements of product R&D and quality details, ensuring that every need can find a precise solution here.

Wishing to achieve the path of vision

It is equipped with complete fitness facilities, creating an exclusive sports space for employees. This allows them to release energy and build up physical strength after work, and empowers the team's continuous growth through humanistic care.

Solid Backing

More than 280 professional talents work together, refining every piece of sponge with dedication, solidifying the foundation of quality with the team's strength, responding to every trust, and creating reliable cleaning products.

280

Corporate Employees

66000m²

Site Coverage

Based on a construction area of 68,000 square meters, we will build a modern sponge production matrix, break through capacity boundaries, and provide strong support for the supply of sponge products.
